

Our staff, patients and families *need you.* Become a **Vet-to-Vet** Volunteer

Looking for a meaningful way to support your fellow Veterans?

Our Veteran-to-Veteran program at EveryStep is a special service that pairs veterans who are volunteers with hospice patients who have served our country.

Veteran partners provide companionship while talking, reading and sitting with patients. Veterans have a unique skill set which can help patients come to terms with past events and find peace at the end of life.
